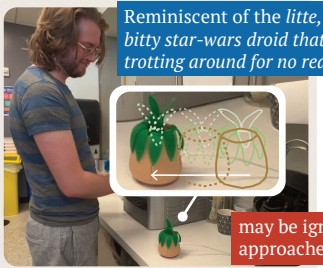
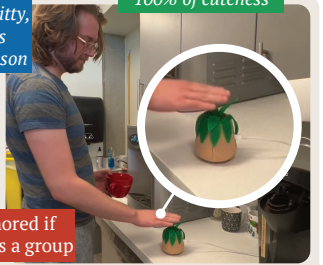
Dancing Pot Imaginary



Pot notices Parker coming to get water, it approaches him and does a small dance, swaying the base and fluttering its leaves.



Parker gently taps the pot before leaving.

Engagement with surroudings: "*I tend to be stuck to my phone if I am getting coffee on my own*"

Flower Plant Imaginary

Flower turns and bends towards Will since he's not being included in the conversation.

Flower points to the snacks on the table to suggest people try it, adding new conversation topic.

Making a lot of assumptions on social dynamics

What kind of interactions could this have with kids or pets?
